

Joystick X-Series

Intuitive Motion Control

System Features:

- > Alternative to the touch screen motion control
- > Compatible with the X2 Spider Scanner
- > Ergonomic design
- > Durable and low maintenance
- > Very little additional setup required

The Joystick X-Series is a part of the X2 Spider Scanner package and is an add-on for the XR Spider Scanner. The joystick provides an alternative to the X Controller touch-screen for motion control, making it easier to precisely maneuver the scanner. The ergonomic design of the joystick handles makes it easy to hold and use for long periods of time. The joystick requires very little setup and connects to the controller box using a single cable. The joystick is lightweight and durable making it ideal for use on a job site.
